Hi everyone. I'm writing to let you know that my last day with PREDICT will be Tuesday, October 10<sup>th</sup>, as I have accepted a position with the Department of Biomedical Engineering (BME) at UC Davis. Karen Wood (who many of you met in New York) and a new Research Administrator (in recruitment now) will take over my job duties, so please be patient as we work out the kinks. We will do our best to make the transition as smooth as possible, but any input or suggestions you may have regarding needs to be covered are welcomed and encouraged.

It has been a pleasure and a privilege to get to know and work with you all, and I wish you all the best.

Thanks,  
  
Liz
